

Literature Review

Jordan Peters

February 29, 2020

I certify that all material in this dissertation which is not my own work has been identified.

1 Abstract

Brief summary

2 Introduction

Explanation of the purpose, statement of the research questions you intend to address

2.1 What do researchers know?

2.2 What do they not know?

2.3 What has been researched and what has not been researched?

2.4 Is the research reliable and trustworthy?

2.5 Where are the gaps in the knowledge?

3 Literature Review

Critical assessment of topic, how does the current study relate to what's already been done

4 Methods

How the study was carried out (instruments, equipment, procedures, methods to gather and analyze data)

5 Results

What was found in the course of the study

6 Discussion

What do the results mean

7 Conclusion

State the conclusions and implications of the results. Discuss how it relates to the work reviewed in the literature review,

8 Bibliography
